

GREEN Start Your Semester

SUSTAINABILITY at Illinois State University is an evolving process which enhances quality of life and meets economic, social, and environmental needs of the present without compromising resources for future generations.

EASY THINGS YOU CAN DO

1. During move-in there is always a lot of garbage and recycling. Be sure to recycle everything you can. For a complete list of what ISU recycles check: www.greenteam.ilstu.edu/initiatives/recycling.shtml
2. Use alternative transportation
3. Save trees—buy used books and notebooks made from recycled materials
4. Start with good habits—turn it off when you leave the room (lights, radio, TV, computer) and unplug chargers when not in use.
5. Use your “Green Team” water bottle
6. When doing laundry, always make sure you have a full load.
7. Check the Green Team website regularly and get involved. greenteam.ilstu.edu

WHAT TO BRING

1. Energy Star appliances and electronics
2. Rechargeable batteries
3. Compact Fluorescent Light (CFL) bulbs
4. A reusable mug — get a discount at Cage II when you use it!
5. For “green” decoration ideas check out the products used in last year’s Dream Dorm Do-Over
www.greenteam.ilstu.edu/initiatives/dorm_do_over.shtml
